

My One-Page Profile Mr Copping

This is me...

Hi! My name is Mr Copping and I am the new Headteacher at White House Farm Primary School.

What I enjoy...

Sharing books and stories.

Playing & watching football

Going for walks with my family.

What I would like to get better at...

Running – This is something I started recently.

Cooking

People describe me as...

Approachable

Supportive

Friendly

Funny...sometimes!

My job...

As the Headteacher of White House Farm Primary School, I work hard to make sure that the children are desperate to come to school every day and learn new and exciting things. I help to create a safe and supportive school which encourages children and staff to take risks with their own learning and challenge themselves to reach their full potential. I also work with parents and the wider community, supporting them as well as finding out how they can contribute to growing our school.

What helps me do my job well...

Listening to and valuing everyone's ideas and opinions

Being organised

Being patient

Where you might see me...

On the playground, welcoming you in to school each day. In the school hall, taking assemblies and enjoying lunch. In the classroom, finding out about your learning.

In my office, writing reports.
